**"ORDER OF THE
ENGINEER CERIMONY"**

50 PENN PLACE-ROOM R3

OCTOBER 7TH, 2004 6:30 P.M.

PRESENTED BY
BILL HENRY

The Order of the Engineer was initiated in the United States to foster a spirit of pride and responsibility in the engineering profession, to bridge the gap between training and experience, and to present to the public a visible symbol identifying the engineer. The first Ring Ceremony was held on June 4, 1970 at Cleveland State University. Others like it have since spread across the United States at which graduate and registered engineers are invited to accept the Obligation of the Engineer and to wear a stainless steel ring.

Participants at the October ASCE Ring Ceremony can take the Obligation of the Engineer and receive a stainless steel ring. Their will be no cost for participating in this event.

Attached please find a registration form for the Ring Ceremony and a ring sizer chart to assist in determining your ring size.

**CORPORATE SPONSORSHIP IS ONCE AGAIN OPEN.
PLEASE CONTACT GORDON JOHNSON OR CODY HOLCOMB TO SET UP
YOUR SPONSORSHIP IF YOU ARE LISTED ON THE WEBSITE AND HAVE
NOT ALREADY DONE SO.**

COST:

Members/Guests \$ 15.00

NOTICE:

We will be continuing to offer to our membership:

1. A door prize at each meeting.
2. There will be a larger prize at years end. (All fees paid for ASCE's Annual Golf Tournament or an equivalent for those who do not play golf) for the person with the best (perfect) attendance throughout the year. Officers are excluded. Ties will be broken based upon volunteer involvement with ASCE sponsored events.

FROM THE PRESIDENT:

We had a good meeting in September with 46 members and students attending. Darren Bond and Neal McCaleb spoke concerning the upcoming gas and diesel tax initiative. The gas and diesel tax would add approximately \$120 million per year for highway and bridge projects in Oklahoma. The funds would be earmarked so that they could only be spent on transportation projects with no diversion of funds for other purposes. Your support in signing the initiative petition to get this on the ballot will be appreciated.

Our speaker for October will be Bill Henry, P.E., President Elect ASCE. Bill will tell us about what is happening nationally with ASCE and talk about the upcoming Annual Meeting of ASCE. We will also be conducting the Order of the Engineer. The Order of the Engineer was initiated in the United States to foster a spirit of pride and responsibility in the engineering profession, to bridge the gap between training and experience, and to present to the public a visible symbol identifying the engineer. The first Ring Ceremony was held on June 4, 1970 at Cleveland State University. Others like it have since spread across the United States at which graduate and registered engineers are invited to accept the Obligation of the Engineer and to wear a stainless steel ring. More information on the Order of the Engineer can be found at www.order-of-the-engineer.org.

We want to thank our corporate sponsors who are listed in the ASCE Newsletter. The corporate sponsors help the organization bring in speakers from outside of Oklahoma, support the OU & OSU student programs and the annual golf tournament. The corporate sponsorship runs for a one year period, September 04 through August 05. If you have not renewed your corporate sponsorship for 2004-

WWW.OKCASCE.ORG

FROM THE PRESIDENT-CONT'D:

2005, please call Cody Holcomb at 286-0512 or holcombc@contech-cpi.com.

The Oklahoma Section had a second meeting in September to further discuss some of the goals of the Section and Branches this year. One of the major goals is to increase membership in the Branches and Section. The Oklahoma City Branch has been very successful in keeping members active by providing PDH's for meeting attendance, providing workshops and training for professionals, keeping involved with the universities by utilizing our Young Members Representatives and by having good speakers covering current topics of interest.

The Section Board voted to have the Community Foundation send out to our membership a request for donations to the ASCE Student Scholarship fund. Each ASCE member will receive a request in the mail or by email to contribute and support student scholarships. Our goal is to raise enough money over the next five years to have a self supported Student Scholarship Fund. In the past, the Community Foundation has matched organizational dollars to leverage the balance in the fund. The donations are tax deductible and help students based upon needs and academic requirements.

Our next meeting, October 7, 2004, should be very interesting. Hope to see your there!

Ken Morris, P.E.
OKC Branch President
