

# DESIGN ASSOCIATE I - CIVIL

Oklahoma City

## OVERVIEW

Are you ready to move your career forward, and start the BEST job of your life? We are committed to providing you with the resources to help you grow and discover your potential. We promote an environment that encourages innovative ideas and allows you to develop the best “how” to get the job done.

In this role, you will have entry-level responsibility as a design professional, for the production of innovative, appropriate, cost-effective designs, drawings, and specifications in their discipline for assigned projects. You will emerge as an independent resource and begin to coordinate work with other disciplines. You will work to fulfill experience requirements for eligibility to take a professional license exam.

## QUALIFICATIONS

- Bachelor of Science in Civil Engineering
- Internship experience in Civil Engineering design (preferred)

WE'RE HIRING!
